

RAGHAVENDRA TELKAR

FRONTEND ENGINEERING LEAD

Email: raghutelkarjobs@gmail.com | Mobile: +91 99725 91770 | Bengaluru, Karnataka – 560061, India

Portfolio: raghutelkar.github.io/portfolio | LinkedIn: linkedin.com/in/raghutelkar | GitHub: github.com/raghutelkar

PROFESSIONAL SUMMARY

Seasoned **Front-End Engineering** Leader with 14+ relevant years delivering scalable, performant, and accessible **ReactJS, NextJS with ES6** solutions while building high-performing teams. Combines **hands-on coding expertise** with proven capability development, fostering engineering best practices, automation, and cross-squad collaboration to drive impactful business outcomes.

TECHNICAL SKILLS

- **Front End Tech Stack:** ReactJS, NextJS, ReactNative – Expo Go, RTK, Redux, React Hooks, HTML5, CSS3, JavaScript (ES6), AJAX, TypeScript, React Query, Vite, Storybook, MSW, jQuery, Node.js, Angular, Bootstrap, Flexbox, Vanilla Extract CSS, Tailwind, React Icons, SASS, LESS, MERN and MEAN.
- **People & Capability Development:** Mentoring, Code Reviews, best-Practice Governance, Cross-Squad Skill Balancing, Agile Coaching (Scrum, SAgile), Capability Metrics & Improvement Backlogs.
- **Engineering Excellence & DevOps:** CI/CD (GCP), Test Automation (RTL, Jest, Vitest, Jasmine, Cucumber), Micro-Frontends, Component Library Design, Process Simplification, Risk/Governance Standards, Python, Prompt Engineering, AI Agents.
- **UI/UX Expertise Design/Tools:** Accessibility (WCAG/ARIA), Research, Design, Mockup and Wireframe in Figma, Sketch and Adobe XD, Photoshop, Axure, Usability Testing.

ACHIEVEMENTS

- ✓ **Spearheaded the refactor and migration of a legacy ReactJS application to NextJS**, enabling SEO-driven performance enhancement and modern architecture adoption across the team.
- ✓ **Led the development of an accessible UI component library in Storybook with AAA WCAG/ARIA compliance.**
- ✓ **Introduced and enforced GitHub PR templates and code review workflows**, improving collaboration, code quality, and delivery velocity across the team.
- ✓ **Owned the integration of enterprise-grade identity by leading PING Authentication & Authorization rollout**, replacing legacy STI auth and ensuring secure, scalable user management.
- ✓ **Established progressive engineering practices** including feature toggles, lazy loading, to enhance performance.
- ✓ **Led the eKYC biometric integration initiative.**

STRENGTHS

- **Leadership** - Building and empowering high-performing teams to deliver high-quality products.
- **Adaptability** - Successfully migrated over 4 websites to new platforms with AA accessibility.
- **Problem Solving** - Modified and fixed over 500 coding bugs, improved website performance.
- **Collaborative** - Always keen to share my knowledge, help, discuss, teach and learn from others.
- **Communication** - Successfully translated complex technical jargon into layman's terms for stakeholders and team for implementation.

CERTIFICATIONS AND LEADERSHIP TRAINING

Professional Scrum Developer (PSD) | SAgile 4 Practitioner (SAgile) | Human-Centered Design (HCD)

WORK EXPERIENCE 14 YEARS

Frontend Engineering Lead | ANZ Operations and Technology | April 2014 - Present

Lead UX UI Engineer driving scalable frontend architecture, mentoring cross-squad engineers, and leading initiatives that improved delivery efficiency, accessibility, and team capability.

ANZ PROJECTS:

1. WCP Financial Spreading and Web UI Reusable Components (Apr 2023 – Sep 2025)

Role: Lead Frontend UI UX Engineer | **Team size:** 8

Achievements:

- ✓ Built and led high-performing engineering squads, fostering a culture of ownership, quality, and continuous improvement.
- ✓ Managed large-scale integration programs (Auth, API platforms, Data layers) and user experience.
- ✓ Drove cross-functional collaboration between Product, Design, QA, and stakeholders to deliver business-critical outcomes.
- ✓ Translated complex business workflows into simple, intuitive user experiences through collaborative UX and product refinement.
- ✓ Led cross-squad initiative to build reusable UI Library for micro-frontends, **accelerated development cycle time by 30%**.
- ✓ Embedded unit/integration test templates, achieving **95%+ coverage** across squads.
- ✓ Advanced AA WCAG-compliant UI patterns, improving accessibility compliance **60%**.
- ✓ Enhanced UX flows and navigation, driving **30%** higher customer engagement.
- ✓ Introduced coding standards, process for pull-request validation, cutting review turnaround by **35%**.

Tech Stack: HTML5, CSS3, React 18, React Hooks, RTK, TypeScript, ES6, Node.js, npm, Vite, Vanilla Extract CSS, React Storybook, React Testing Library (RTL), Vitest unit test execution, Figma Design Tokens and Figma tool.

2. Orion UI (Jan 2022 – Apr 2023)

Role: Lead Frontend UI UX Engineer | **Team size:** 5

Achievements:

- ✓ Championed engineering excellence by setting standards for accessibility, code quality, testing, and performance.
- ✓ Enabled a learning-driven culture through knowledge-sharing sessions, tech guilds, and design reviews.
- ✓ Led cross-squad UI development for Orion UI, delivering **4+** high-impact features.
- ✓ Enabled faster delivery by streamlining workflows, reducing rework **25%** via early design validation.
- ✓ Championed engineering excellence by setting standards for accessibility, code quality, testing, and performance.
- ✓ Coached teams on user-centric UI/UX flows, lifting task efficiency **25%** and feature adoption **20%**.
- ✓ Drove performance optimization, cutting load times **20%** and improving rendering stability for data-heavy.

Tech Stack: HTML5, CSS3, Bootstrap, React, Redux, React Hooks, JavaScript, jQuery, Node and NPM, Grunt, Gulp, Jasmine with React Testing Library (RTL) and Figma tool.

3. KODO for Banker Desktop (Oct 2019– Dec 2021)

Role: Sr Frontend UI Engineer | **Team size:** 2

Achievements:

- ✓ Developed responsive SPAs for bankers, resulting in **25%** faster workflows and **20%** shorter processing time.
- ✓ Enabled efficiency uplift by simplifying UI/UX, boosting workflow performance **25%**.
- ✓ Streamlined loan application journeys, reducing completion time **20%** through process redesign.
- ✓ Integrated a seamless digital biometric E-KYC flow, reducing manual effort in the maker-checker process by **50%** and improving user completion rates by **35%**.

Tech Stack: HTML5, CSS3, Bootstrap, React, Redux, React Hooks, JavaScript/jQuery, Node, Grunt, Jasmine.

4. Sherlock – Home Loan Calculator, SOLA, COLA, POLA, FATCA, BML (Mar 2017 – Sep 2019)

Role: Frontend UI Engineer

Achievements:

- ✓ Mentored and coached engineers across levels, accelerating onboarding and career growth.
- ✓ Developed and launched a Home Loan Calculator that enables users to instantly evaluate loan eligibility, improving calculation speed and reducing manual intervention by **40%**.
- ✓ Drove adoption of accessibility and testing frameworks, improving product quality and compliance.
- ✓ Refactored customer journey into a Single Page Application (SPA), addressing multiple drop-off points and improving user retention by **25%**, leading to higher loan application completions.
- ✓ Built and integrated Deep Link, QAS, and Analytics functionalities.
- ✓ Reduced high-priority production defects by **40%** across multiple releases.

Tech Stack: HTML5, CSS3, Bootstrap, AngularJS, CanJS, SASS, Ruby Gems, JavaScript/jQuery, Node, Gulp.

Lead Specialist Interactive | Target India | June 2011 – April 2014

Mobile web development and creative content initiatives, performance marketing camp.

TARGET PROJECT:

mEverest (Jun 2011 – Apr 2014)

Role: Frontend Engineer

Achievements: I was responsible for leading technically and developing the entire UI in a HTML5 & CSS3 with Angular Framework RWD with Landscape & Portrait compatibility.

Tech Stack: HTML 5, CSS 3, AngularJS, JavaScript/jQuery

Web Developer | Aug 2006 – May 2011

EDUCATION

MPhil in Computer Science | 2008 – 2009 with 67%

Vinayaka Mission University, Selam, TN

MSc in Computer Science | 2004 – 2006 with 77%

Kuvempu University, Shankaraghatta, Karnataka

BSc in Computer Science | 2001 – 2004 with 61%

Kuvempu University, Shivamogga

I, hereby declare that the above information is correct to the best of my knowledge and belief.
